EXPERIENCE

Family Law Forensic Accounting and Business Valuation

- Provided expert witness testimony in the Los Angeles Superior Court on income available for support in a family law case
- Called to provide expert witness testimony with respect to document production for a family law case in the Ventura County Family Law Court
- Performed and supervised asset tracing assignments in order to conclude on the use and location of both community and separate property monies and assets
- Analyzed and processed both business and personal records in order to determine discretionary cash flow available to pay spousal and child support

- Applied multiple business valuation approaches and methodologies in order to conclude on the values of a variety of business entities
- Calculated and analyzed the character of equity compensation awards, determined award character and performed related tracings of proceeds from the sale of any award

Audit, Attestation and Corporate Reporting

- Planned and supervised audit engagements for clients in industries as diverse as financial services, biotech, not-for-profit, manufacturing, growth technology and gaming and gambling
- Assisted clients in accounting for and recording complex accounting transactions, including complex equity and debt financing arrangements, revenue recognition contracts and stock based compensation
- Prepared annual financial statements for submission to senior management, board of directors and financial institutions
- Supported the periodic filing process with the SEC through the preparation, analysis and review of data included in the 10-K and 10-Q filings
- Assisted in the identification of key accounting issues and performed related research in order to coordinate worldwide implementation and GAAP compliance
